Recommendation Letter

To whom it may concern,

I am pleased to recommend Mizbaur Rahman Zihad, who completed the FlyRank AI Internship Program from July 1, 2026 to September 7, 2026 in the role of Back-End AI Engineering Intern.

Throughout the program, Mizbaur completed practical assignments applying curriculum in API contracts, Task design and prompting, Retrieval and grounding, and Evaluation and operations.

The program record documents at least 94 hours across practical assignments, accepted capstone work, and program meetings.

As the culminating project, Mizbaur completed "Image Relevance & Auto-Tagging," which was reviewed and accepted by the lead track mentor.

Participation also included 33 attended program meetings.

Based on this verified completion record, I recommend Mizbaur for opportunities aligned with back-end engineering and applied AI systems.

The approved internship specialization was Backend AI Engineering; the independently qualified completed track was Backend AI Engineering.
