CAREER OBJECTIVE

I am a passionate web developer aiming to grow into a full-stack and backend developer, continuously exploring modern technologies along the way. I aspire to contribute to impactful projects in the tech industry while expanding my skills in system design and scalable architecture. In the long term, I plan to venture into AI and Machine Learning, which aligns naturally with my academic background in Mathematics.

TECHNICAL SKILLS

Languages & Frameworks: HTML5 | CSS3 | JavaScript (ES6+) | Tailwind CSS | React JS | Next.js | Node.js | Express.js

Database & Tools: MongoDB | Git

Interpersonal Skills: Problem Solving | Growth Mindset

PROJECTS

SportNest — Sports Facility Booking System — [Live](#) | [GitHub](#) | [Server](#)

A full-stack platform for discovering and booking premium sports facilities such as football turfs, badminton courts, swimming pools, and tennis courts.

- Browse and filter sports facilities by sport type with real-time search functionality.
- Secure user authentication via email/password and Google login using Better Auth with JWT-protected routes.
- Book facilities by selecting date, time slot, and duration; manage or cancel bookings from a personal dashboard.
- Facility owners can add, edit, and delete their own listings with full CRUD support.

SkillSphere — Online Learning Platform — [Live](#) | [GitHub](#)

SkillSphere is a modern online learning platform where users can explore courses, watch lessons, and enroll in skill-based programs like Web Development, Design, and more.

- Home Page — Hero banner, Popular Courses, Learning Tips, Top Instructors, and Trending Courses.
- Course Details Page — Full course info, curriculum, and instructor details (Protected Route).
- Authentication — Email/password registration & login with BetterAuth and Google OAuth support.
- My Profile Page — View and update user name and profile image; fully responsive with Toast notifications.
